

Healthcare is a true passion...

Steve Henderson is a face that many of us know around town. What many of you don't know is what's behind the hard working, steadfast, and serious persona that most of us see. At Spirit of the North we are blessed to see two very different sides of Steve.

For many years he, along with his wife Ann Marie, have been helping to bring the best of care closer to home in the North through their generous donations. They are supporters of Spirit's events, our purpose and our mission.

In addition to Steve and Ann Marie's personal support Steve is also able to levy matching donations through his employer, Spectra Energy. This is an amazing way to assist in an even bigger way, a way that many employees are not even aware that this exists through their employer. As a strong advocate for healthcare in the North Spirit has also been the recipient of many donations both in Prince George and Quesnel thanks to Steve's understanding of the communities in which Spectra Energy operates.

Presenting equipment to Dr. Naidoo to assist with ENT surgeries at GR Baker Memorial Hospital in Quesnel.

We are so grateful for the generosity of Steve and Ann Marie Henderson.

Thank you!!

MISSION STATEMENT

To facilitate philanthropic investment in the enhancement of healthcare throughout the referral area of UHNBC

Spirit of the North Healthcare Foundation
