

Vanderhoof Ranching Family Gives Back

The Corbiere's are a beautiful growing family and like so many households that means being busy, kids in hockey and skating, as well as numerous events and activities as a part of ranch life. It's inspiring to see that even though the Corbiere's are busy, they are not too busy to raise funds for healthcare in the North. They have chosen to give back and achieved that goal in a unique and big way!

As with many, that philanthropic drive comes from a place of experience, and this is certainly true for Decody and Aubree. Of their six children, the two youngest, Kyara and Cynthia, were the smallest patients at the NICU at UHNBC five years ago. Twins born two months premature, and weighing only just over a 1lb each! They had a pretty worrisome start but were so grateful for the care they could receive as close to home as possible.

Decody decided that holding a horse auction and donating the proceeds from the sale of a horse to the NICU at UHNBC would be perfect! It's exactly what he did with their 8 year old saddle horse 'Toto'. The lively auction sold Toto to Bar-K Ranch who we want to thank as well, as they are also friends of Spirit of the North Healthcare Foundation. Then to top it off, BC Livestock chose to waive their standard fees and commissions in order to make the most of the Corbiere's original intention! It's wonderful when one good deed turns another.

Thank You
Corbiere's!

"We weren't just a number here, they knew who we were, and cared... we actually made many friends while here"

Decody Corbiere

The Corbiere Family is a true inspiration. Their giving hearts and ability to show appreciation even during what would have been a very difficult time for them as a family is beyond kind.

It is the mission of the Spirit of the North Healthcare Foundation to bring the best of care closer to home in the North—right here where we live work and play. Engaging donors such as the Corbiere Family is very special and we are so grateful for their immense kindness.
