

Community Leaders in Giving

2020 Campaign for Kids

\$71,028 Donated in 2020!

For over 2 decades, Costco Prince George has partnered with Spirit of the North Healthcare Foundation through the Campaign for Kids. During this time, **over \$1,000,000 has been raised** to purchase medical equipment to support better health outcomes for Northern BC's smallest patients. You are now well on your way to \$2 Million.

Your organization has once again decided to direct proceeds from the 2020 Campaign for Kids to purchase medical equipment for maternal /infant and pediatric care at University Hospital of Northern BC, and in our neighbouring communities. In previous years, you have helped fund equipment such as a Hamilton G5 Ventilator, a Panda Warmer, an Optos OCT SLO System, and many others. Equipment such as these help support everything from diagnostics to delivery of care for infants and children. Children enter care through many intake areas, surgical, clinical, out patient, cast clinic, emergency, and so much more. As you look around feel proud of the incredible organization you work for and the substantial impact collectively you have all had on healthcare in the North.

Thank you for your continued contributions, they amount to much more than the dollars raised but to the ongoing daily benefit for children here at home in the North and how they receive care.

'Giving is the difference ...that makes a difference'
